Dear friends,

The Stars Foundation™ is honored to have the privilege of hosting the First Ladies from 6 African countries. Additionally, non-profit and corporate CEOs from the USA, Canada, England, and Europe will be in attendance. Our fundraisers are designed to solicit support while providing international awareness, focused on our Peace Initiatives and Orphan and Vulnerable Children programs. We are the facilitating organization of World Orphans Day™, which is recognized on the second Monday in November in more than 150 countries.

As Nashville welcomes the World, we are excited to announce that 2 distinguished individuals from the United States and Africa will receive the Heroes of Humanity Awards due to their support for helping the displaced and vulnerable children of the world. Internationally renown fashion designer Manuel Cuevas will be presented a 'Lifetime Achievement Award'. Honorees Head Tables seating arrangement will be a featured fundraising element auctioned off to support the participating charities.

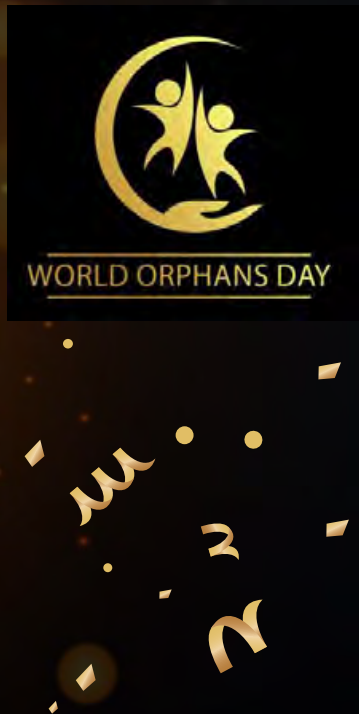

Lifetime Experiences will be auctioned off live at the Gala Dinner, and numerous donated celebrity items including Dolly Parton, Alice Cooper and Vince Gill signed Zager custom made guitars along with signed memorabilia from Sports icons, Hollywood and Country Music Superstars and high end Travel Packages will be auctioned off and on display around the ballroom for the silent auction.

Many children will be blessed by the donations of the elite and VIP guests attending as well as funding the Hearts on Fire television series as cleared for international broadcast by the NRB Television Network. Your attendance and generous donations will benefit and change the lives of many children around the world.

If you received this package, you have the power to make a huge difference in the life of a child.
